# Learner Profile™ 2.0

Designed by: Morgan Media and Sunburst

**Awards:**  
Award of Excellence, Technology & Learning

**SUNBURST. Learner Profile™** is an award-winning program designed especially for teachers who want to go beyond paper and pencil tests. It helps teachers systematically evaluate student learning and develop focused, effective teaching strategies. It is:

- **Flexible...** Record student learning in academic, behavioral, vocational, physical education, and extra-curricular areas
- **Time-saving...** Just click and student learning is recorded electronically
- **Adaptable...** Accommodates standardized learning criteria from state and district or you can create your own for your school or classroom
- **Non-disruptive...** Plan and record student learning without interrupting the learning process

## New! Learner Profile™ to Go

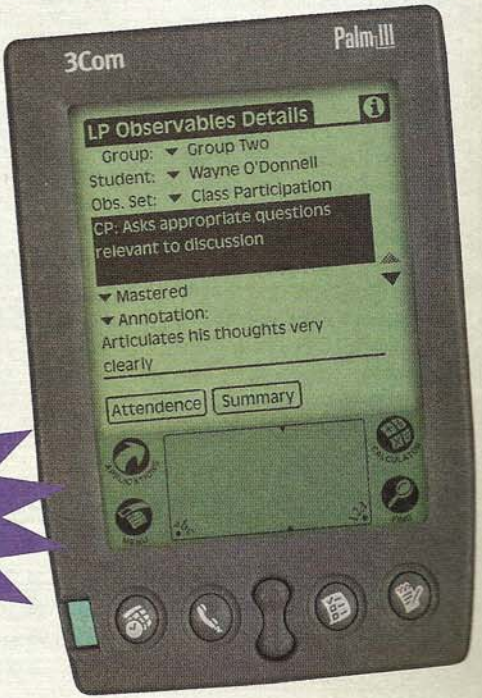

Learner Profile™ to Go for Palm III™ connected organizer.

**SUNBURST.** Is there an easy way to perform on-going assessments in a busy class of diverse learners? Yes! Now, you can gather assessment information as it occurs on a handheld computer device that has **Learner Profile™ to Go** software installed. Used in conjunction with **Learner Profile™**, teachers can collect assessment information as they interact with students and at the end of the day download the information into the **Learner Profile™** database on their desktop computers. Performance indicators can be modified on a daily, weekly, or quarterly basis depending on specific needs. Record attendance, record student learning, and collect informal information and more with **Learner Profile™ to Go!**
